

Dear Guest,

Fidget Feet are very much looking forward to welcoming you to our performance of *House! a drive-in bingo and aerial dance extravaganza* on the 1st and 2nd May at Limerick Racecourse, Patrick's Well.

A few things to note before you embark on this journey to *House!* with us.

GETTING HERE

- The show takes place at Limerick Racecourse, Patrick's Well
- Directions to HOUSE! can be found here: <https://g.page/TwilightracingLimerick>
- There is pre-show entertainment so please arrive early, the site opens 30 mins before.
- Once you get to the site we will check your tickets and then help you park, come early for the best spots.
- Turn off your engines as soon as you are in your spot.
- This is a drive-in bingo show. Our Soar Up dancers will give you a program and inside the program there will be a bingo card for you to play real Bingo.

ABOUT THE SHOW

- The first half of the event will come through your radio, make sure your car radio is working before you come to the show (or bring a portable radio!). We will give you the frequency number to tune into on arrival and the Soar up dancers can help.
- This is a drive-in bingo event with a difference; part-theatre & part-aerial show, so to find out the backstory of the characters and the bingo, tune into this link before you come to the show. Maybe on your drive to the show! It is 20 minutes long.
- **Here's the link to the pre-show radio show of House!:** https://youtu.be/nXh-a_pPC_w
- We invite you to honk your horns as a way of applause during the show!
- At points you may find you will get a better view outside of your car so please feel free to do so if you wish. Please do not think you need to stay in your car the whole time, you can also put your windows down and look out. A little more than half-way of the show we will be asking you all to come out of your cars, when the show no longer goes through your radio: so we would advise you to wrap up warm, this is Irish weather!
- The pre-show is 20 minutes and the performance is approximately 60 minutes in duration with no interval.

PLAYING BINGO

- Don't forget to bring a pen or pencil to mark the winning numbers on your bingo cards.

- We have spot prizes for the winners so make sure to listen carefully to the numbers the bingo caller calls.
- If you haven't played bingo before, then we can explain!
- To help you find the numbers just remember that the first column contains numbers 1-10, the second column contains the numbers 11 to 20 and so on.
- So when we call a number then look down that column only, **every number we call will be somewhere on your card**. Makes things just a bit easier to keep up!
- Remember, if you get five numbers in a line, you win. If you fill up a whole box of 15 numbers to achieve a house, you win!

A FEW THINGS TO NOTE

- You can have a maximum of 5 people in the car.
- You will be outside so there is no need for audience to wear masks unless you want to. Soar Up dancers and other artists will be up close to the audience for the duration of the performance.
- You can use the Limerick Racecourse toilets for the show.
- Bring drinks and snacks for the car if you want to.
- Our show will happen come rain, hail, or shine and we hope you can bring the right weather gear so you can join us outside of your car to get the best views! We are on uneven ground with some puddles, if it has been raining we would request that you and your family bring appropriate footwear to be worn.
- We would like the performances to start on time so please arrive early. **We may not be able to allow for latecomers**, once the show starts dancers will be dancing around the cars, so it will be unsafe for the artists to have late cars driving around the site.

ON YOUR WAY OUT

- At the end of the show the stewards will direct you out of the car-park. Please wait till you have been asked to turn on your engines and drive off site.

LASTLY

- As this performance requires the audience to participate, come with an open heart and mind and ready to have the craic. We will have lots of artists flying from cranes, community groups playing music and dancing, this is a show not to be missed.
- Please tell all your friends to book tickets! This show is suitable for all ages. Grannies that love to play bingo, now is the time to bring the whole family in on the fun! Couples looking for a fun new date, theatre, music, dance and aerial lovers this is a show for you. It's never been done before "*playing bingo while watching Fidget feet fly from a crane!*"

We look forward to seeing you!
