Auditorium & seating capacity

The seating capacity of the auditorium is 220 The first 9 rows of the seats are retractable. The remaining seats in the rake may not be use as public seating in this configuration due to health & safety guidelines. There is no access from front of house to backstage. Access is through doors situated at the right-hand side of the auditorium.

Cinema

The Belltable has Digital Cinema facilities. Screen, Projector Server and sound system

Please note that the Belltable runs Cinema on Mondays 5pm & 8pm. This may affect get in times. Please confirm scheduling with the technical manager.

Crew

The venue will provide one duty technician for the duration of your get in-perf-get out. They are there to assist with set up and provide venue specific information and support to ensure your show goes smoothly, they are not available to operate any element of the production. Should you require AV, Sound or Lighting operators we can assist you in sourcing these services locally at your own cost.
The venue will not be held responsible for the quality or functionality of any additional equipment hired in for a production, however we do reserve the right to not rig or use any equipment we feel is unsafe or otherwise sub standard.

Access

The Stage doors are situated at the upstage right side of the stage and are accessible via Daly's Lane, off Mallow Street. (See Directions page 11)

Please note that there is no parking available at the venue. Once the load in is complete you must find alternative parking for your truck, van or car, unless otherwise arranged with the Technical Manager.
